Fashion Fixers: Stylists' Secret Weapons

Conceal Panty Lines

Anything other than the appearance of a lineless rear (as perfected by Kate Hudson in Alexander Wang) is a no-no. So if you look back and see a visible panty line, ditch the undies you're wearing in favor of Flingz—super-comfortable things that sit flat against the skin. Plus, they're packed into little pouches so you can toss one in your bag for back-up.

BUY ONLINE NOW Flingz cotton thong, Flingwear, \$7.50; at flingwear.com
